Prepaid Debit Cards, Like THG's Advantage Card, Offer a Better Way

What makes consumer-driven healthcare work? In theory, giving consumers more control over their healthcare expenses, and more responsibility for their healthcare decisions, means that they will make better and more informed choices, resulting in happier employees, and reduced costs for employers.

However, in order for consumer-driven healthcare to be effective, the administration of such a program must not become a burden. That's where [The Harrison Group's Advantage Card](#) comes in. The Advantage Card gives consumers consolidated access to their Flex Spending Accounts (FSAs)/Health Reimbursement Arrangements (HRAs)/Health Savings Accounts (HSAs)/Commuter Benefit Plans (Transit and Parking) accounts – multiple accounts, one debit card.

*For more information on how to activate THG's "win-win" debit card solution for employers and employees alike, contact The Harrison Group President **Rich Miller** at **610-853-9075** or e-mail rmiller@theharrisingrouponline.com.*
