

The Harrison Group, Inc.

The Harrison Group Reports Continued Positive Growth Trend for 2012

We are very pleased to report continued double-digit growth this year, thanks to our many existing clients, as well as the addition of new and diverse companies throughout Southeastern Pennsylvania. The following represents just a partial listing of new 2012 [Harrison Group](#) clients:

Alliance Cancer Specialists
App Renaissance
Berks Counseling Center
Binswanger Corporation
Catholic Partnership Schools
Competition Tire East
Northern Children's Services
PA Leadership Charter School
Salmon, Ricchezza, Singer & Turchi, LLP
The Philadelphia Union

Depending on our specific engagement with each company, the Harrison Group is responsible for helping them set-up and administer their [Healthcare](#) or [Day Care](#) Flexible Spending Accounts (FSAs), Health Reimbursement Arrangements ([HRAs](#)) and Health Savings Accounts ([HSAs](#)). Most organizations outsource these services due to the administrative costs, changing technologies and Health Insurance Portability and Accountability Act (HIPAA) privacy requirements that are involved.

If your business could use some help administering FSAs, HRAs or HSAs for your employees, call THG President Rich Miller at 610-853-9075 or email rmiller@theharrisingrouponline.com to discuss the ways the Harrison Group can help you wade through the alphabet soup of benefits administration.
