YOUR GUIDE TO DEPENDENT DAYCARE FLEXIBLE SPENDING ACCOUNTS

WHAT IS AN FSA??

Using a **Flexible Spending Account (FSA)** is a great way to stretch your benefit dollars. You use before-tax dollars in your FSA to reimburse yourself for eligible out-of-pocket expenses. That means you can enjoy tax savings and increased take-home pay -- all with the convenience of a prepaid benefits card.

With an FSA, you elect to have your annual contribution deducted from your check each pay period in equal installments throughout the year, until you reach the yearly maximum you have specified. The amount of your pay that goes into an FSA will not count as taxable income, so you will have immediate tax savings. FSA dollars can be used during the plan year to pay for qualified expenses and services.

FSA ELIGIBILITY

Anyone whose employer offers an FSA can participate, including employees not covered under the employer's health plan. Your employer may exclude certain types of employees such as part-time, seasonal or temporary. Ask your employer benefits team to verify eligibility. Self-employed individuals cannot participate in an FSA.

Did you know that Flexible Spending Accounts (FSAs) aren't just for healthcare expenses? In fact, there is one that is an employer-sponsored benefit account designed to help people save on their taxes while setting aside money for dependent care expenses.

DEPENDENT DAYCARE FSA

allows reimbursement of dependent care expenses (such as daycare) incurred by eligible dependents.

You'll receive access to a secure, easy-to-use web portal where you can track your account balance, view your claims history and submit requests for reimbursements.
